

All I Need Is Time
Roy Orbison

All I Need Is Time

Dm **G**
All I need is time, then I ll get over you

Bb **A**
A little at a time, a bit each day

Dm **G**
All I need is time to mend a dream or two

Bb **A**
And I ll forget the love you took away

F C /D
Morning s here again, just like the day before
D# Asus4 A
But the only change is that I love you more
D A
All I need is time, maybe a thousand years
/A/B/C# Bb C Dm
Maybe a million tears, but I need time

Everybody says the pain won't last too long
Have a lot of fun and time will fly
It took a lot of time till love was born in me
And it'll take some time for love to die

Each and every day I spend forgetting you
Brings another night I never quite get through
All I need is time, maybe a thousand years
Maybe a million tears, but I need time
