

Blues In My Mind

Roy Orbison

C# G#m C#
I ought to hate you for these blues in my mind

C# G#m C#
What makes me love you, am I losing my mind?

G# C#
I wonder where I m gonna wind up
D# G#
I just can t make my crazy mind up

C# G#m C#
Too many kisses brought me too many tears
C# G#m C#
Tears that I ll carry with me all through the years
G# C#
I m just the broken hearted kind
G# C#
Worrying blues in my mind

I m going crazy with these blues in my mind
How can you just keep on confusing my mind?
You ve got a jealous air about you
Maybe I m better off without you

Still I can t make my heart believe that it s true
Trouble with me is having trouble with you
I m just the broken hearted kind
Worrying blues in my mind
Worrying blues in my mind
