The Clown

 C Em
I was a clown when I thought I had found
 F G C G
A love for me and only me but she laughed at the clown
 F G
turned him down turned him down

 C Em
I never frown ah, ah, ah, I m the clown
 F G C G
for it breaks my heart I play the part of a clown runnin round
 F G
trouble bound I m the clown

G C Em
I wander all around, wondering if you ever cared
 D C D C D
I go from place to place, I look from face to face
 G G7
hoping that you will be there

All over town the word is out, it s all around
that I love her still guess I always will I m the clown
runnin round trouble bound I m the clown
