Cry Softly Lonely One

**G** **Am**  
Cry softly lonely one, it s over, it s said, it s done  
**D** **G**  
Don t let your heart break down, he s not the only one  
**C**  
So you re blue and lonely too  
**A7** **D**  
Don t fall apart and when the teardrops start  
**D7** **G** **F**  
You can cry; cry to me girl  
**G** **Bm**  
Cry; cry to me girl  
**C** **G** **Bm** **C**  
I ll be standing by, I will dry your eyes  
**D** **G**  
But for now, cry softly lonely one

Cry softly lonely one, your heartaches have just begun  
And though they linger on, carry on, be strong  
You re baby s gone, left you alone  
But I ll stand by you on the long nights through  
You can cry, cry to me girl

**G** **C**  
 C mon and cry, cry to me girl  
**D** **C** **D**  
 Don t cry all alone, baby from now on  
**C** **D** **C** **D**  
 You can run to me, come to me  
**G** **C**  
 You can cry to me  
**G**  
 Tonight and forever, lonely one
