**Roy Orbison**

Darkness

Intro:

**B7 E G# A B**  
Ooooooh, ooh ooh ooh, ooh ooh ooh, ooh oh oh

Chorus:

**E G#**  
Darkness, only darkness  
**A B**  
Land of shadow, that's where my heart goes  
**E A E**  
Now I'm alone, I'm on my own

Voices, I hear voices  
Sounds in the still night everywhere  
But you're not there, no, you're not there

**C#m E**  
Imagination brings you so near  
**C#m E**  
I reach for your lips, but they're not here  
**A B7 E**  
All of my memories are closing in as one  
**F# B7**  
I walk a little faster, than I start to run

Chorus

I long to hold you, thrill to your charm  
But how can I hold shadows in my arms?  
I reach to find you, stumbling through the night  
Searching in my sadness, looking for the light
