

**Goodnight**  
**Roy Orbison**

Goodnight

**D**  
My lovely woman child,  
**G**  
I found you out running wild with someone new.  
**Em G D**  
You've been untrue, and everybody knows we're through.

**G**  
But I can't say goodbye to you  
**D**  
no matter what you do.  
**C G**  
My heart won't let you go.  
**C D G**  
Although I know you go with someone new, I think of you.

**/G /A /B C F**  
I think of how you kiss, your tenderness.  
**D G C F**  
With all of this, I miss the way you say goodnight.

**F**  
Bittersweet your kisses,  
**C**  
when my heart still misses the way that things used to be.  
**F**  
But I know you're strong for other arms you long for,  
**C Bb**  
and you can never come back to me

**Bb A Bb**  
Not just for yesterday, tonight or tomorrow.  
**Dm C F D F D**  
Ah, but forever, I'll hear you say goodnight, goodnight.  
**G A D**  
Goodnight turned out to be a lie,  
**G A G D**  
and I can't help it if I cry.  
**Em A D F D**  
Goodnight, my love, sleep tight, my love, goodnight.
