Intro: **E B F#m D**

E **B7**
At night I try not to cry
F#m D B7
Each tomorrow brings more sorrow
E B7
All the time you re on my mind
F#m D B7
My heart just aches, it almost breaks
B7 E n.C.
It s almost dawn, heartache

/E /F# /G# A
I know it s over
E
But I don t know why
/E /F# /G# F#
You reached out and touched me
B7
And then you said goodbye

Oh it s unreal, the way I feel
It s almost dawn the night s too long
My dream is gone, I m all alone with heartache

Heartache of heartache
Deeper than blue
Teardrop on teardrop
I m still in love with you

Oh, what a way to start a day
Heartaches today like yesterday
B7 E
Here comes the sun no place to run from heartaches
F# A B E
Over you, heartaches over you
