

Here Comes That Song Again
Roy Orbison

Bm **D E**
Here comes that song again
 E7 **A** **E A**
They re playing that song again
 Bm **D** **E**
I guess it will never end (never end)
 E7 **A** **E A**
They re playing it again

Here comes that song again
Here comes that old ache again
The story of my life begins
They re telling it again

A **F#** **Bm**
I ll have to leave I can t bear it anymore
 E7 **A** **Bm** **E7**
There must be a place where they ll play a different score

Here comes that song again
The jukebox must have found a friend
My heart will never mend
They re playing it again

Instrumental verse
Here comes that song again
The jukebox... and fade
