

In Dreams

Roy Orbison

C **Am**
A candy colored clown they call the sandman
Dm **G13**
Tiptoes to my room everynight
C **Am**
Just to sprinkle stardust and to whisper
F **G7** **C**
Go to sleep, everything is all right

C
I close my eyes
Dm
Then I drift away
G7
Into the magic night
C
I softly say

C
A silent prayer
Dm
Like dreamers do
G7
Then I fall asleep to dream
C
My dreams of you

C **G7**
In dreams I walk with you
F **G7** **C**
In dreams I talk to you
(**C**)
In dreams you re mine
D7
All of the time, we re
C Dm G C Dm G7
Together in dreams, in dreams

C **Fm** **C**
But just before the dawn
C **Fm** **C**
I awake and find you re gone
C **Dm**
I can t help it I can t help it if I cry
G7 **C**
I remember that you said goodbye

C **F** **G7**
It s too bad that all these things

C **F** **G7**
Can only happen in my dreams

C **D7**
Only in dreams

Dm7 G7 **C**
In beautiful dreams
