

Life Fades Away

Roy Orbison

Life Fades Away

E **C#m**
My time has come, the clouds are calling
A **B**
December wind has come my way
E **C#m**
And now I feel the will falling
A **B** **E**
All at once it s too late, life fades away

E **C#m**
The night is my wake, all thoughts slip away
A **B** **E**
And even though I must leave you, remember I love you

I ll always be in your memory
And I will always be with you when I m gone

E **C#m**
Fade, life fades away
A **B** **E**
Oh yea, yea, yea, yea, life fades away

C#m **A**
I m tired of tomorrow, lost for today
B **A**
I long to be at peace forever

My eternity
And even though I will miss you I must leave you

Fade, life fades away
Oh yea, yea, yea, yea, life fades away

So please forgive me and try not to cry
I long to be at peace forever more

E **C#m**
Forever more
A **B**
Oh yea, yea, yea, yea
A **B**
Yea, yea, yea, yea, yea
E **C#m**
Life fades away, Life fades away
A **C#m**

Life fades away, away

A

B

E

One last thing to say life fades away
