

Loneliness

Roy Orbison

Loneliness

A D G

Loneliness is the worst thing in the world

C F

To be alone all the day long, no ring on the phone

G F G

Yeah this is wrong, low down loneliness

This loneliness, I must confess, yes it s a mess
Of this loneliness, low down loneliness,

C

Loneliness all around

Am D G

Loneliness, you have found me loneliness

This loneliness, all of the time, Yeah loneliness
You re so unkind, low down loneliness

Loneliness everywhere

Loneliness, I ve got more that my share

This loneliness, my destiny, Oh loneliness,
Was I born to be in low down loneliness?
