Love Star

G **D**
Love Star, oh star of love have you forgotten me?
 Am **D** **G**
I m so lonely for someone to love
 D
Love Star, oh star of love look down so you may see
 Am **D** **G** **G7**
Someone for me like I m dreaming of
 C **C7** **Gmaj7**
You see because my heart is shy somehow love has passed me by
 A7 **D** **D7** **D6** **D**
And no one knows how much I cry when I m all alone for a love of my own

Love Star, they say for every heart a love star shines
So please, please shine for mine and let me find my love.

You see because my heart is shy...

Love Star, they say for every heart...
