

No One Will Ever Know
Roy Orbison

No One Will Ever Know

E **A** **E**
 No one will ever know my heart is breaking
B7 **E**
 Although a million teardrops start to flow
A
 I ll try myself to sleep and wake up smiling
B7 **E**
 Iâ€™ll miss you but no one will ever know

B7 **E/G#**
 I ll tell them we grew tired of each other
F# **F#7** **B7**
 And realized our dreams could never be
E **A** **E**
 I ll even make believe I never loved you
B7 **E**
 Then no one will ever know the truth but me (repeat)
