I see the shadows on the run

I see the setting of the sun

At last my working day is done

The setting of the sun has finally come

It s sunset I m gonna see my sweetheart

Gonna hold her so tight

It s sunset I m gonna see my baby

My baby tonight

(move everything ½ tone chords: **Dm Gm A D Bb D Bb G# Dm**)

I see her in the twilight standing there

The wind softly stirring in her hair

The sweetest fruit the earth can bear

So young so warm and so rare

It s sunset, at last I m with my sweetheart

I m holding her tight

It s sunset and now I m with my baby

And she is mine tonight
