

Twenty Two Days
Roy Orbison

Refrão -----

Oh it s been twenty-two lonely blue
C C7 F D# F
Days without a word from y-o-o-ou
Bb F
And forty-four million more
C C7 F
Tears I ve cried since you walked through that door

The sun never reaches my doorstep
C C7 F F7
Each empty day seems to be the same
Bb Gm F
You ve broken your vow but I still love you now,
C C7 F
Oh this love of mine is a one way losing game

Chorus

The dreams that we share are gone forever
But I still have a little hope in my heart
Is this the way it ends? Are we to be both friends?
Oh I can t go on if we re to be apart

Chorus
