

Devils And Angels
Royal Bliss

[Verse]

There s a devil in my head an angel in my bed it s getting colder

I m trying to warm it up with the only way I know

There s something hid inside, I think that I should tell her

Cause it s about that time I let her know

She says come with me i ll show you my way

To a place where all the devils go

Days and days go by, I tell myself that I m getting older

I need to slow down, but the way, I don t know

With the devil inside, telling me in order

To ever feel alive, i ve got to let her go

And she says come with me i ll show you my way

To a place where all the devils go

No more pain, no more lies, and no more worries

It s a place where all the devils go

And I feel cold, and so alone

Cause I don t know, which way to turn

And I feel, like I m getting weaker

Cause I can t ever take control
