

**I Was Drunk**  
**Royal Bliss**

Royal Bliss  
I was Drunk

I heard their live acoustic rendition so it may be different than the version on the  
but Iâ€™m pretty sure these are the correct chords, the timing may not be exact,  
but if you  
the song then you can figure it out; just listen to the song to get the  
strumming pattern

Tune down half step

**D** **A** **G** **A**  
I was drunk, and I was loud, I was invincible, and I was proud x2

**G** **A**  
After ten thousand beers and 28 years I finally figured it out

**G** **A** (hold) **D**  
Itâ€™s about time, I settle on down

**D**  
Well Iâ€™m not saying this is the end

**A**  
And I still go drunk with my friends

**G** **A**  
And I might miss my life, for a moment in time, no I aint had my last sin

**D**  
And ill tear up that desert with you,

**A**  
And I know we will have more than a few

**G** **A**  
Well it got me this far, with plenty of scars, the only one with those tattoos

**G** **A**  
After ten thousand beers and 28 years, I finally figured it out,

**G** **A** (hold) **D**
