

**Black White**  
**Royal Tailor**

The song is standard tuning.

Hi I ve just reviewed the song. If you aren t keen on bar chords use the transpose option and pick \*transpose down by 4 half steps\* you will need a capo on the 4th fret to play in this key but it s easy open chords (except for Bm)/ The first chord should show Em first if you follow the instruction

In the key of G#m. I figured out these chords by ear.

TOO COMPLICATED? [READ THE BLURB ABOVE] ^^
