

**Something About You**  
**Rubicon Rising**

Hi Folk,

This band I saw in Sydney Australia last year in an open air concert and was taken with this song. The thing I really liked about the song is the guitar solo which is like a gypsy come mood rock solo, very nice. Anyway hope you like it as much as I do.

The intro is running up and down a Dm chord

Verse and Chorus Chords

**Ebm B G#m B**

On the prowl, Saturday night  
Ill look around, youre in my sights  
your the one Im looking for  
You, got something about you

I m looking good, you know I am  
I need a meal, you are the man?  
Youre the one Im hoping for  
You, got something about you

SOLO

Ill have my fun, Ill have my way  
Ill take you down, youll want to stay  
Im a drug you need some more  
You, got something about you
