[D]Something s gone wrong
Something ain t right
They [G]smashed through the window
On Saturday night
And [Em]started big trouble
In the [D]quiet street

They were [D]shouting hey Abdullah
Are you coming out to fight
[G]Standing on the corner
In the yellow street light
With [Em]sticks and stones and bottles
With [D]broken glass

Well they [Em7]know
They re gonna clean up the [D]neighbourhood
Don t want no [Em7]foreigners, oh no
They [G]gave it to him in the head
[D]Didn t wanna listen to what he said
[G] They had a job to do
[A] They had to see it through
[G]Yes they had a job to do
And a [A]cause to be true to

[D]Something s gone wrong
Something ain t right
They [G]smashed through the window
On Saturday night
And [Em]started big trouble
In the [D]quiet street

The [D]guy could not get away
Try as he might
[G]Now he knows the story
Of black meets white
And [Em]he s gonna tell his children
All a[D]bout it

Well they [Em7]know
They re gonna clean up the [D]neighbourhood
Don t want no [Em7]foreigners, oh no
They [G]gave it to him in the head
[D]Didn t wanna listen to what he said

[A] They had to see it through

[G]Yes they had a job to do

And a [A]cause to be true to
