

Pull Me Like A String
Rue Royale

C/G
I was somebodies baby
Am
I was somebodies child
Em **C/G**
And in a grown up world I was afraid of the dark
C/G
And in my later years now
Am
I ve got the widest of eyes
Em **C/G**
And I ve accepted the dark times are in between all the lights

Fmaj7/C
You pull me like a string you
Am
You pull me right in two
Em **Am**
You put me out to the darkness and pull me back to you
Fmaj7/C
You pull me like a string you
Am
You pull me right in two
Em **Am**
You cause me to go blind yet I still look for you

C/G **Am**
I m moving onwards and upwards, I ve got to pull it to
Em **C/G**
You ve been the biggest thorn but I m addicted to you
C/G **Am**
Before I have my own baby, before I have my own child
Em **C/G**
I ve got to straighten my vision and get these eyes aligned

Pont: **Am**

Fmaj7/C
You pull me like a string you

You pull me like a string you
