Younger
Ruel
[Verse 1]
You and I used to walk the streets at night
Our parents didn t know, kept the TV going
And left on all the bedroom lights
                                                 Dm
And no, I haven t seen you since we lost all our innocence
                   Am
You left me in the dark while you drink in the park
Never be the same again
[Pre-Chorus]
You and me were so, so close
Maybe that s what hurts the most
It s out of my hands, I ve done what I can
So I just save my breath
[Chorus]
                    Am C7
    Deep in my heart, I know that it s over
             Dm
                      G
Deleted your number so I can t call you
                              C7
                  Am
     Call you my brother, the way that we used to
C/E
            Dm
When we were younger, younger
[Verse 2]
I saw you just the other night
I didn t even recognize you
               Αm
Find it kind of strange, I guess that people change
But I didn t expect you to
[Pre-Chorus]
