Capo 5

[Intro]

Em G C (x2)

[Verse]

Em **G**
I knew a man who found a forest overseas
C
He grew his beard like the grounds bear trees
Em **G**
Callous his hands, his heart bled dry
C
He kept his fire in the clutch of his eyes
Em **G**
He painted with a dark stroke, dirty on the canvas
C
Creation was holy but we chose against it
Em **G**
The devil knows he s evil no need to proclaim
C
It s the choices we make the bring glory to his name
Em D/F# G
Em D G
Em **G**
Mr. Fox I know you ve got a secret to tell
C
But folks we live just to hear ourselves
Em **G**
Talk, talk talk
C
Non stop stop stop
Em **G**
And it goes goes goes
C
Until we know, know, know
Em **D/F# G C**
Know not what we say
Em **D/F# G C**
Know not what we do
Em **G**
I knew a lady lost the forest for the trees
C
She grew a lust to bury all underneath
Em **G**
She cut to their heart, she bled them dry
C

She kept her fire burning up to the sky

Em **G**

She s building up her kingdom of sticks and stones

C

I hear the words in between they tend to never hold

Em **G**

Was she living ever after or making belief

C

She kept away from the heart the things unseen
