I need you here but your always so far away
i call you up but you know it s just never the same
cause being closer to you is my sweetest escape
its all i needed
i need you here but your always so far away

Chorus*

this is our night
the look in your eyes
says we can go all the way

been losing my mind broken inside
i want you to take my breath away
it s obvious my heart beats for you (beats for you, beats for you)
just let go tonight
we re so close tonight

i need you here but you re out there on your own
we used to look like the pictures in my telephone
hiding out in your room we can be alone
laughing out loud
you need me here but im always so far away
