Enchanted ballrooms where I lost my life

On your fairground smile

Seedy heroes and silver tills

Sinking suns on a sea of thrills

Trading with stranger in silhouette

VERSE TWO (same chords as before)

I drink your health, son of the earth  
Passing ships in the modern death  
We re all still fired  
Old emotions still burn inside  
On solid ground, round the mother tongue  
A tower of hope, a joyful sound  
You take your time  
A hand of aces in a pack of lies

**Am**  
There s a sadness  
**Em**  
There s a joy  
**C**  
There s a place  
**G** **D7**  
There s a song that will never die  
**Am**  
Another night  
**Em**  
In this town  
**C**  
Holds me close  
**G** **D7**  
Holds me close to the searchlight  
**G**  
Forever

**G G C C**  
Ohhhhhhh

(Repeat)

#### VERSE THREE

I found my song and I started to sing  
Took me away on an olden wing  
So far from home  
Standing so lonely but not alone  
In this empire of ache and rhyme  
Lovers and best friends are running blind  
I grasp your hand  
Is this the only world I understand

(Chorus)

Outro:

**G** **Em**  
Forever and ever

**C**

**D**

And ever, and ever and ever.

(Repeat)
