

In Search Of Angels

Runrig

The first Runrig song on this site I think!

Capo 3rd fret

1ST VERSE

D **G**
Pick up the broken pieces from the ground
Bm **A** **D**
All your diminishing returns
D **G**
And take a good look at the master plan
Bm **A** **D**
Cause down here every candle burns

2ND VERSE

D **G**
You are as gentle as the morning dawn
Bm **A** **D**
Torment can wash away your grace
D **G**
In search of angels with the Uist eyes
Bm **A** **D**
So many suns light up your face

CHORUS

D **A** **D**
Tonight the skies are red
Em **D** **A**
So red they fill my eyes
D **G** **Em**
Sundown on barren words that can't describe your island
A
paradise

D **G**
But I know that all's well with the world
Em **A** **G**
Don't worry anymore Don't worry now

Bm **A** **D**
mm mm mm

3RD VERSE

D **G**
 To many seas to cross to many roads
Bm **A** **D**
 You leave me with my higher need
D **G**
 This one horizon in our borrowed hour
Bm **A** **D**
 Such little lives we lead

CHORUS

Bm	A	D	Bm	A	D
Another sun will rise			mm	mm	mm
