

**May Morning**  
**Runrig**

A great Runrig song from the *In Search of Angels* album.

This song is quite a tricky one to match chords to so you need to listen to the song to get the timing right, especially for the descending bass notes played through the verse.

Lyrics

The sun is melting over the hills  
All our roads are waiting  
To be revealed  
For this day in history has brought us to here  
Now it s all there for the taking  
The day is what you see

The light s returning, the work is in hand  
All the cynics have vanished  
From where we stand  
All the chances wasted are drawing me near  
And all around there s new life rising  
From the winter fields

I m alive again  
I m alive again
