LYRICS

Pull down the forests we need more wood Extend the grazing we need more food Burning our bridges before the flood

Out on the oceans where it s relatively safe It s not so easy being big as a whale We re all in a race on a bigger scale

Homosapien, I we had enough Homosapien, I m giving up At best your wisdom s a shot in the dark

So make yourself pretty, make yourself rich Leopardskin, sealskin, money and sex Apartheid, genocide, thalidomide, life It s your choice
