Runrig

Runrig - The Year OF The Flood

[Intro]

**Em C G D**

[Verse 1]

**Em**

Can anyone explain

**C G D**

I shared your truth today

**Em**

So far away the rains

**C D**

And the ocean

**Em**

I see your flower growing

**C G D**

I see your rivers flowing

**Em**

I see your skies open

**C D**

In the year of the flood

[Chorus]

**NC G D**

You may walk and you may run

**Bm**

**Em**

You leave your footprints all around the sun

**D**

**G**

And every time the storm and the soul wars come

**D**

You just keep on walking

**G**

**D**

It's been this way from the start

**Bm**

**Em**

Everybody walking round with holes in the heart

**D**

**G**

Everybody holding up skies in the dark

**D**

As the stars keep falling

[Verse 2]

**Em**

It's coming clear as day

**C** **G** **D**  
Like comets blazing trails  
**Em**  
Through the shadows and the veils  
**C** **D**  
All along the valley  
**Em**  
In every sunrise spent  
**C** **G** **D**  
All our beginnings end  
**Em**  
All our doves sent  
**C** **D**  
For the hour of knowing

[Chorus]

**G** **D**  
You may walk and you may run  
**Bm** **Em**  
You leave your footprints all around the sun  
**D** **G**  
And every time the storm and the soul wars come  
**D**  
You just keep on walking  
**G** **D**  
It's been this way from the start  
**Bm** **Em**  
Everybody walking round with holes in the heart  
**D** **G**  
Everybody holding up skies in the dark  
**D**  
As the stars keep falling
