E **A** **C#m** **B**
A heavy heart I bring, for I am tired Lord
E **A** **C#m** **A**

Take this heart of stone and warm this bitter cold
E **A** **C#m** **A**
Awaken my lost love for You

E **B**
Let Your children fall down and worship
 C#m **A**
Fall down and know You for You are holy
 E **B**
Let your children rise up before You
 C#m **A**
Rise and adore You for You are holy
 E
You are holy

Remind us who we are when we have wandered far
Awaken our lost love for You
And like the morning star, You chase away the dark
There is no shadow here with You, with You Lord

Just a glimpse of You is all we ever needed
