

**Ill Come Back To New Orleans**  
**Rusty Cage**

[Intro]

**C** **E7**  
The shallow water shimmers in the street light  
**Am** **C**  
The neon signs can't escape the eye  
**C** **E7** **Am**  
The smell of fish and spice, a smell of which can mix so nice  
**F** **G** **C**  
So take me back here before I die  
**F** **C** **F** **C**  
And the greatest infection, is that of affection  
**F** **C** **G7**  
And I wouldn't have it any other way  
**C E7 Am F C G C**  
But what can I say

[Verse 1]

**C** **E7** **Am**  
Circumstance had brought her to the city  
**F** **C** **G**  
She was left behind to try and find a cheap hotel to sleep at night  
**C** **E7** **Am**  
Well hard times fell and she took to strippin  
**F** **G**  
Just a 19 year old girl in the grasps of middle aged married men  
**F** **C** **F** **C**  
And the Bourbon Street bullhorn boys bellowed boasts of beautiful girls  
**F** **C** **G G7**  
Who dance behind black curtains in the night  
**F** **C** **F** **C**  
And oh, how that stigma follows, just another slut on drugs  
**F** **C** **G G7**  
And through the drunken slander, she held her pride

[Chorus]

**C** **E7** **Am**  
And I'll come back to New Orleans  
**F** **G**  
And I hope to find that you're still waiting there for me  
**C** **E7** **Am**  
Cause I'll be back in New Orleans  
**F** **G** **C E7 Am F C G C**  
If you still want me there

[Verse 2]

**C E7 Am**  
She d only been two weeks in the city  
**F C G**  
It d only been two nights for me  
**C E7 Am**  
And was it vacation high? It felt so real when we said goodbye  
**F G**  
And I hope this feeling never fades  
**F C F C**  
And the greatest infection is that of affection  
**F C G7**  
And I wouldn t have it any other way  
**F C F C**  
In a city full of devils, I found an angel there  
**F C G G7**  
And fell in love with a stripper but I never saw her dance

[Chorus]

**C E7 Am**  
And I ll come back to New Orleans  
**F G**  
And I hope to find that you re still waiting there for me  
**C E7 Am**  
Cause I ll be back in New Orleans  
**F G C E7 Am F C G C**  
If you still want me there

[Outro]

**C E7**  
And the shallow water shimmers in the street light  
**Am C**  
The neon signs can t escape the eye  
**C E7 Am**  
And the city sleeps, but I keep on stirring  
**F G C**  
So take me back here before I die
