Ry Cooder

F#
Well, me and Frank we re the best of friends
                              C#
And our friendship will never end
But it would hurt him so for him to know
                        F#
That I m in love with his girlfriend
Now, the love of a girl and the love of a friend
     F#7   **B**
Are two things you can t compare
                       F#
Though my heart will ache I will let it break
     C#   **F#**

 Cause I know that it just ain t fair

Chorus   **C#**   **F#**
So go on home girl, let s call it a night
             C#   **F#**
You better go home girl, this just ain t right
But before you go I want you to know
           F#7   **B**
That I love you, yes I do
                      F#
And though it breaks my heart for us to part
       C#   **F#**
Still I know Frank loves you too

F#
Well, you say that a we can make him see
                         C#
We have a love that s really real
But I think that he is just like me
                        F#
And I don t know just how he d feel
Darling, people know it would hurt him so
          F#7   **B**
If you told him that it must end
                  F#
And I could never hold the love I stole
     C#   **F#**
From a man I call my best friend
      C#   **F#**
Go on home girl, you better go home, girl
     C#   **F#**

Go on home, you better move on
F#
Me and Frank been friends for so long
                              C#
And our friendship is really strong
He gives me his car to go for a ride
                              F#
Never knows how long I ll be gone
Well, I m trying to forget all the things that we ve done
      F#7   **B**
While Frank is just a-waiting back home
                              F#
Girl you can t go ride with me anymore
            C#   **F#**
That s the way it s got to be from now on

Go on home!
Uhn, hun. Better go home, girl
Uhn, hun. Now you better move on, girl
Uhn, hun. Better go home, girl
Uhn, hun. You better move on, girl
