

Paris Texas
Ry Cooder

(from the soundtrack of the film of the same name by Wim Wenders)

I tabbed and recorded a MP3 demo (downloadable from the webpage here above) with two acoustic slide guitars but if you alternate the two tab lines you can even play the whole with only one guitar.

Legend :

/ : slide up

: slide down

: slide rapidly to and fro around the fret

All the notes of the second guitar are played with the slide bar, so are the ones

played with the first except where indicated.

Where the slide bar is used , play just above the numbered fret.
