[Verse]

Can you recommend an education or drugs
Because I m bored with you already
I m on Broadway and I think it s a parade
I m covered in pieces of confetti
And I am in the twilight of my youth
Not that I m going to remember
Dancing and slowly and finding the truth
And it covered in coma

[Bridge]

All these people in my life, they seem so in love
Well, I am not
Memorizing my shoes in a cigarette shop

Does anybody wanna take me home?
Does anybody wanna take me home?
I m kinda lonely, will you take me home?
Of course you will, of course you won t
Of course I m crass, it seems so tragic
Of course you will, of course you won t
But I ll disappear, I ll disappear
Just like magic
Just like magic
