

I See Monsters

Ryan Adams

Love is Hell (Part 2)

Tab by Laura (*)

This is my first shot at a tab so it s sort of approximate and a few parts are simplified from the studio track so it can be played with one guitar. Figure out the exact rhythm by listening to the song. It s tough, good luck! E-mail me with any feedback/corrections.

Intro/Verse

baby i know you cannot...but i love you now.
