

**When The Stars Go Blue**  
**Ryan Adams**

Tabbed by Peter Cook

\*

Its actually from the Coors/Bono version, but it works:  
Here is the bass tab for the verse, don t know the rest.

Standard tunning.

```
-----  
-----  
-2---4-5---4-0---7s0-----  
-----
```

Thats really all it is. My bass might be out of tune, so it might be down  
fret or two, but thats the basic idea. Fool around with the rhythm till its  
right, and you got a great bass line!

Rock On, Pete.
