Chords used:

- Asus4** (x02033)
- Cadd (x32033)[used in chorus only]
- G (320033)[used in chorus only]
- C\*** (x30033)
- G\*** (300033)
- D** (000233)

**G\*** **D**  
There s something in the way she eases my mind  
**C\*** **D**  
And lays me across the bed till I close my eyes  
**C\*** **D** **G\***  
Stirs me in the morning till I can ever be satisfied  
**G\*** **D**  
I leave Carolina every night in my dreams  
**C\*** **D**  
Like the girls that try to love me that I only leave  
**C\*** **D**  
Rock me like a baby doll and hold me to your chest  
**G\***  
But I m always moving too fast  
**C\*** **D** **G\***  
If I could find my way back home, where would I go?  
**C\*** **D**  
When everything about me, I used to be,

**Asus4**

Shivers in the sheets and the blankets of snow  
**C\***  
Lost out in the woods were you re looking for me

[CHORUS]

**G** Cadd  
When, when will you come back home (2times)

**Asus4**

No one leave the lights on in a house  
**G**

Where nobody lives anymore

**G\*** **D**  
Loaded like the boxes up in the bedroom

**C\*** **D**  
Coming off the hinges like the door

**C\*** **D**  
The shadows dancing up in the window  
**G\***

They re not who we are but who we were  
**G\*** **D**

And I m not gonna break, but if I do  
**C\*** **D**

I m gonna shatter like the glass I turned your heart into  
**C\*** **D** **G\***

I m broken like the windos in the house where I used to live  
**C\*** **D** **G\***

And If I could find my way back home, where would I go?  
**C\*** **D**

When everything about me, I used to be,

**Asus4**

Shivers in the sheets and the blankets of snow  
**C\***

I m lost out in the woods looking for you

[CHORUS]

**G** Cadd  
When, when will you come back home (2times)

**Asus4**

No one leave the lights on in a house

**G**  
Where nobody lives anymore

**Bmin** **C**  
Everything about me you liked is already gone

**Bmin** **C**  
Everything about me you loved is gone

**G** Cadd  
When, when will you come back home
