Song: Country Roads

[Verse 1]

Am **G** **F**
Do you really think you know
F **G** **C**
Exactly where I stand
Am **G** **F**
Or did I just let you down
F **G** **C**
You found out I was just a poor man
Am **G** **F**
I might have took a few wrong turns
F **G** **C**
Down a few wrong roads
Am **G** **F**
Wound up in a few wrong towns
F **G** **C**
Where nobody cares or goes

[Chorus]

C **G** **F**
It ain't that I can't see
C **G** **F**
Or find my way home
 C **G** **F**
It's just that I like to breathe

Out on country roads

C G F F G C

[Verse 2]

Am **G** **F**
I've never been much on down town
F **G** **C**
Or cared for a place to stay
Am **G** **F**
I know I'll never wear no crown
F **G** **C**
I'll never be a king of slaves
Am **G** **F**
Wash my hands in the rain
F **G** **C**
Spend my time with the whiskey
Am **G** **F**

I never give up on change

F **G** **C**
Or give a damn if you ll ever miss me

[Chorus]

C **G** **F**
It ain t that I can t see
C **G** **F**
Or find my way home
C **G** **F**
It s just that I like to breath

Out on country roads

C G F F G C

[Verse 3]

Am **G** **F**
I know I never stick around
F **G** **C**
Never lose track of time
Am **G** **F**
Or worry about a little old town
F **G** **C**
What I might have left behind
Am **G** **F**
I just let the sun shine down
F **G** **C**
I just let them big wheels roll
Am **G** **F**
Keep on running around
F **G** **C**
On big ol country roads

[Chorus]

C **G** **F**
It ain t that I can t see
C **G** **F**
Or find my way home
C **G** **F**
It s just that I like to breath

Out on country roads
