**B**

The man come to shake my hand

**Ab/A A**

And rob me of my farm

**B**

I shot him dead and hung my head

**Ab/A A**

And drove off in his car

**B**

So on the run with a smokin gun

**Ab/A A**

Iâ€™m lookin for the coast

**B**

Of all the things Iâ€™ve had and lost

**Ab/A A**

Your love I miss the most

**E B A**

And hell will have to pay

**B E**

I went a little bit too far Iâ€™d say

Half drunk I stumble on

The whiskey from the bar

Sleepin in the Santa Monica pier

With the Junkies and the Stars

For when I wore a Spanish cross

Was reachin for my hand

Then a stranger took the place

Of words I couldnâ€™t understand

**E B A**

And thereâ€™s nothing but the ground

**E B A**

Itâ€™s the only place Iâ€™ve found

**E B A E**

Where I can lay my head in town

Down on the boulevard  
The sidewalk shuffles change  
Cracked out from the night before  
Hallucinating in the rain  
So I borrowed a quarter for  
A call to the other side  
Told god that the whole damn world  
Was waitin in line to die  
But not me this time  
I left the trouble far behind  
And then he tied his arm off one more time

The man come to shake my hand  
And rob me of my farm
