Tomorrowland

Capo 3

Intro: G (Hammer on A string)

(Verse Chords)

<b>G</b>	<b>Em</b>	<b>D/F#</b>
Well I felt the toll of, a life gone astray		
<b>G</b>	<b>Em</b>	<b>D/F#</b>
And I ve held my head up, along the way		

(Chorus Chords)

<b>C/G</b>	<b>Em</b>	<b>D/F#</b>
If heaven breathes, I will step down		
<b>C/G</b>	<b>Em</b>	<b>D/F#</b>
There s only the wind, knockin me down		

Some say that angels, are all lookin down  
But I only saw vultures, circlin around

With no help from God, the shadows are far  
Sometimes the truth, is scared of the dark

Well I did my weakness, with all of my doubts  
And traded my secrets to figure it out

With no help from God, forever I roam  
til I found your heart, I was on my own

Well I felt the alter, shake up my bones  
And I held your tender, kiss for my own

With no help from God, we stood all alone  
And followed our hearts, and buried the stones

**G Em D/F# 2X**  
**C/G Em D/F# 2X**

Sometimes my tortures, are all I can bear  
For so long I ve waited, for this coast to clear

With no help from God, I will stand proud  
And here by your side, under the cloud
