

## Self-Righteous Wall

Ryan Bingham

Self-Righteous Wall - Ryan Bingham - Junky Star  
Standard Tuning

Intro: **Bm A D G** x4

**Bm A**

Bettinâ€™ on another long shot

**D G**

Cause the sure shotâ€™s done passed

**Bm A**

You walk along straight and narrow

**D G**

But youâ€™re barefoot in broken glass

You sleep a lot where the sunlight

Stays locked up in a hole

You canâ€™t stand to let the light in

Cause your heart may wanna roam

**A D**

Youâ€™re tellin me

**A G**

Iâ€™ve lost it all

**A D**

Youâ€™re tellin me

**A G**

Iâ€™ve hit the wall

Your eyes melt to the windshield

As your soul runs on tired

Swervinâ€™ on the bad side of luck

Waitin on a sign of sunrise

You canâ€™t help but wonder

How you lost all control

I guess you just couldnâ€™t keep up

With the wild horse that you stole

Youâ€™re tellin me

Iâ€™ve lost it all

Youâ€™re tellin me

Iâ€™ve hit the wall

You set yourself on the back steps

And you feel yourself grow old

Your gray hair start runninâ€™ back

To a place you left so cold

Well, put yourself another piece of wood  
On the fire down below  
Cause you can bet itâ€™s gonna be hot  
When you get to where you gonna go

Youâ€™re tellin me  
Iâ€™ve lost it all  
Youâ€™re tellin me  
Iâ€™ve hit the wall
