

Fun song by Bingham.

The verse is really just a C chord strummed with different voicings, but I sometimes do this alternating C - F pattern. It's your decision if you want to do basically a C(var.)/C/Cadd9/C pattern (explained in the intro) or what I've got for the verse.

Verse:

C Take me to see the voodoo queen,
C Let her put a spell on me,
C A little bit of change will ease my pain
C Gonna set a young man free.

Chorus:

Am G F C
Cause I've been down through your hometown

Am G F C
And all across your distant land.

Am G F C
One thing for sure, honey I'll be gone,

Am G F C
Tell my mother I miss her so.

Take me to France and watch me dance,
Let me drink that wine,
Spinning around a dark haired girl,
Having us a good ol' time.

Chorus: repeat

When you can the medicine man,
Will let a feather set me free,
Out on the range outrunning them trains,
You re never gonna see me leave

Repeat Chorus several times

Repeat **Am - G - F - C** for the rest of the song.
