Tell My Mother I Miss Her So

Fun song by Bingham.

The verse is really just a C chord strummed with different voicings, but I sometimes do this alternating C - F pattern. It's your decision if you want to do basically a C(var.)/C/Cadd9/C pattern (explained in the intro) or what I've got for the verse.

Intro: **C#** (X32013)- **C#** (X32010) - **C#add9** (X32030) - **C#** (X32010)
 ~~~ You are basically playing a C chord and walking down the E and B strings

Verse:

C# F#  
Take me to see the voodoo queen,  
C#  
Let her put a spell on me,  
C# F#  
A little bit of change will ease my pain  
C#  
Gonna set a young man free.

Chorus :

|                                            |           |           |           |
|--------------------------------------------|-----------|-----------|-----------|
| <b>Bbm</b>                                 | <b>G#</b> | <b>F#</b> | <b>C#</b> |
| Cause I ve been down through your hometown |           |           |           |
| <b>Bbm</b>                                 | <b>G#</b> | <b>F#</b> | <b>C#</b> |
| And all across your distant land.          |           |           |           |
| <b>Bbm</b>                                 | <b>G#</b> | <b>F#</b> | <b>C#</b> |
| One things for sure, honey I ll be gone,   |           |           |           |
| <b>Bbm</b>                                 | <b>G#</b> | <b>F#</b> | <b>C#</b> |
| Tell my mother I miss her so.              |           |           |           |

Take me to France and watch me dance,  
Let me drink that wine,  
Spinning around a dark haired girl,  
Having us a good ol' time.

Chorus: repeat

When you can the medicine man,  
Will let a feather set me free,  
Out on the range outrunning them trains,  
You re never gonna see me leave
