The Other Side
Ryan Bingham

The Other Side by Ryan Bingham

This transcription is based on input from by kajman50, but rewritten by DWdrummer67 with
slightly changed lyrics and full song progression. Thanks kajman50!

Reference the bottom of this document for the chord diagrams used.

Tuning: Standard

Intro: **C#m**, **Ab**, **A**, **E** (2X)

```
C#m                                  Ab
Every time I turn around, the manâ€™s trying to get me down
     A                      E
I just canâ€™t see your face
      C#m                  Ab
Iâ€™m blinded by the sun, living on the run
        A                   E
And I canâ€™t remember this place
```

Chorus:
```
           B                 A      E   F#m      Abm           E
Wonâ€™t you take me to the other sideâ€¦ let me go when Iâ€™m high
           B               A     E                         F#m        Abm      E
Wonâ€™t you take me to the other side, pretty mama, on the wind wonâ€™t you let
me ride
```

```
         C#m                       Ab
I better slow down before I wreck, driving on the riverâ€™s edge
    A                       E
My mama says to come back home
      C#m                          Ab
But I canâ€™t keep running fast, burning up the years grass
     A                       E
On uncle Samâ€™s dirt road
```

Chorus:
```
           B                 A      E   F#m      Abm           E
Wonâ€™t you take me to the other sideâ€¦ let me go when Iâ€™m high
           B               A     E                         F#m        Abm      E
Wonâ€™t you take me to the other side, pretty mama, on the wind wonâ€™t you let
me ride
```

Break: Verse/Chorus progression
C#m, **Ab**, **A**, **E**â€¦ **C#m**, **Ab**, **A**, **E**
B, **A**, **E**, **F#m**, **Abm**, **E**â€¦ **B**, **A**, **E**, **F#m**, **Abm**, **E**

```
          C#m                                 Ab
Well the Cowboy's your given name, nothing ever stays the same
   A                         E
'Cept the rain falling down
            C#m                                   Ab
Well you can't keep from growin' old, the winter's always damn cold
         A                         E
It's time to put the hammer down

Chorus:
             B                   A      E    F#m     Abm            E
Won't you take me to the other side… let me go when I'm high
             B                   A      E                     F#m        Abm      E
Won't you take me to the other side, pretty mama, on the wind won't you let
me ride

             B                   A      E       F#m         Abm         E
Won't you take me to the other side… on the wind won't you let me ride
             B                   A      E                     F#m          Abm     E
Won't you take me to the other side, pretty mama, on the wind won't you let
me ride
