Its You
Ryan Cabrera

This is my first song i ve posted somewhere...im pretty sure its correct, it
plays along
with the actual song...so thats probably a good sign!

Capo 3

Intro: **Em G D C** (x2)

Verse 1:(1 Strum On Each Chord)

Em   **G**   **D**   **C**
  Another night goes by without sleeping
         Em   **G**   **D**   **C**
 Cause I know I won t wake up next to you
Em   **G**   **D**   **C**
  Another life goes by without dreaming
       Em   **G**   **D**   **C**
And I can t help but think that mine will too

Pre Chorus:

G   **D**   **C**   **Em**
   I m standing before you with this label on my head
G   **D**   **C**   **Em**
   I m pleading before you for you to understand

Chorus:

No Chord G
Baby it s you
        C   **D**   **Em**
When I look up in the sky I see you
        C   **D**
Then I turn and close my eyes
      G
It s you
          C   **D**   **Em**
When I m sitting all alone in my room
C   **D**
Everything reminds me of you

Verse 2:(1 Strum On Each Chord)

```
Em   G   D   C

Em               G               D       C
  The time is slow and I am sinking
Em       G                       D   C
  Into a hole blackened with lies
               Em          G
And though I made it myself
          D       C   Em   G       D       C
You stand watching as my life passes me by

Pre-Chorus:

G                   D                   C                   Em
   I m standing before you with this label on my head
G                   D           C           Em
   I m pleading before you for you to understand
G               D
   How much I adore you
    C                   Em
I ll be there till the end
G                   D
   When everything falls down
C                       Em
Will you hold my hand

Chorus:(x2)

No Chord  G
Baby it s you
        C                   D           Em
When I look up in the sky I see you
        C                   D
Then I turn and close my eyes
      G
It s you
          C                   D               Em
When I m sitting all alone in my room
C               D               Em
Everything reminds me of you
```
