

**Shine On**  
**Ryan Cabrera**

Tuned Eb: Capo on 2nd Fret

Tuned Natural E: Capo on 1st Fret

(Or anywhere depending on what note you want to play in)

Intro:

**Em D Cadd9**(or **C**, whichever you want, **C** and **Cadd9** are interchangeable in the whole song)  
(4X)

Verse: (Same progression as Intro)

**Em D Cadd9**  
I ve given every moment I have  
**Em D Cadd9**  
But I can never seem to keep up with you  
**Em D Cadd9**  
You re done with one mile and on to another one thousand  
**Em D Cadd9**  
But I can never seem to keep up with you

Bridge:

(Played in 2 piccicato strums)

**Em D C D Em**  
I know you ll be better off without me when I m gone  
**D C**(continuous)**D**(strum continuously until chorus)  
You know you re beautiful, you re beautiful

Chorus:(**C G D Em** - play however you feel necessary to fit the words)

**C G D Em C**  
Shine on, you were made to  
**G D Em**  
Shine on, and you know I love you  
**C G**  
And even if we can or can t be friends  
**D Em**  
I ll be with you until the very end  
**C G D**  
So Shine on, you were made to

Intro Progression:

**Em D C2** (2X)

Verse 2:

**Em D Cadd9**  
It s keeping me awake every night

**Em**                    **D**                    **Cadd9**  
But I can never seem to give up on you  
**Em** /       / / **D**                    **Cadd9**  
I send up a prayer then I m on to another one thousand  
**Em**                    **D**                    **Cadd9**  
But I can never seem to give up on you

Bridge  
Chorus

Hook: (C and Cadd9 both need to be played here)  
(Each chord played in 4 piccicato strums)

**Am7** /       / / **C** /       / / /  
Nobody s wrong, Nobody s right  
**Cadd9**                **D**  
Keep moving on

Chorus

End:  
**Em**                    **D**  
You re gonna be just fine  
**Cadd9**                **D**  
Oooh, you re gonna be alright love  
**Em**                    **D**  
You re gonna be just fine  
**Cadd9**                **D**(End abruptly)  
You re gonna be alright love

Optional - Finish on Em
