Right About Now

Ryan Calhoun

There is no tab anywhere for this song so I thought I'd figure out the tab for everyone. It's a great song to play. This is the best I could do.=)

Tuning: Eb, Ab, Db, Gb, Bb, eb.

It's in 3 so you can probably figure out the strumming pattern.

Intro/verses:

Asus/C#, Asus/B, Asus

Chorus:

E, Bm, C#m, Asus

That's pretty much it. Just figure out the pattern and you'll get it.
