*CAPO 4

G/Em/Cadd9/G

G

Shadows are my friends

Em

And the light hates my face

Cadd9

It hides behind the clouds

G

In its institute of grace

And our children warm their beds

Em

With dreams of growing old

Cadd9

But deception has run rampant

And their futures have been mistold

G/Em/Cadd9

G

Just put me in the car

Em

And drive so far

Cadd9

Until I m free again

G

And whisper in my ear

Em

That all these years

Cadd9

I ve been dreaming

B7

Cadd9

Then you kiss me goodnight

G **Em**
And it ll be alright

Cadd9 G
It ll be alright

G **Em**
It ll be alright

Cadd9
It ll be all that

I have ever asked of you

G/Em/Cadd9/G

G
Darkness thinks I m pretty

Em
And the rain covets my soul

Cadd9
But the women think I m ugly

G
They care not for hearts of gold

And freedom teaches nothing

Em
If only to create

Cadd9
Lately innocence is jaded

Only preachers hate

Instrumental part...
