[G]From the first time that I [A]saw you, all standing and looking back at [G]me too.

I [G]knew that you'd be mine[A], the two of us entwined.

The stars aligned for [G]us. The oceans parted as we started on our [A]way. Our way. [D]

And [A]nothing can com[G]pare to the beauty that you [D]wear.

You smile so beautifully with eyes of honesty.

And [A]no words can [G]express my state of [D]happiness. Being next to you.

[A]Whoa[G]. Oh.[D]

[G]We were sitting under the [A]stars realizing the world was [G]ours.

And I knew that you'd be [A]mine. I knew that you'd be [C]mine[G]. [D]Oh.

Can I [G]kiss you? And so I did. [D]

And [A]nothing can com[G]pare to the beauty that you [D]wear.

You smile so beautifully with eyes of honesty.

And [A]no words can [G]express my state of [D]happiness.

Just being next to you, and do you feel it too?

And [A]nothing can com[G]pare to the beauty that you [D]wear.

You smile so beautifully with eyes of honesty.

And [A]no words can ex[G]press my state of [D]happiness. Being next to you.

[A]Whoa[G]. Oh. [D]
