

Anywhere But Here
Safetysuit

(G) (D) (Em7)
Is this the end of the moment or just a beautiful unfolding
(C) (G)
Of a love that will never be or maybe be
(D) (Em7)
Everything that I never thought could happen or ever come to pass and
(C) (Em7) (C) (G)
I wonder If maybe, maybe I could be all you ever dreamed, cause you are
(D) (Em7) (C)
Beautiful inside, so lovely and I can t see why I d do anything without
(G) (D) (Em7)
you, you are And when I m not with you, I know that it s true
(C) (G)
That I d rather be anywhere but here without you

Is this a natural feeling or is it just me bleeding
All my thoughts and dreams in hope that you will be with me or
Is this a moment to remember or just a cold day in December, I wonder
If maybe, maybe I could be all you ever dreamed cause you are

Beautiful inside, so lovely and I can t see why I d do anything without you, you
are
And when I m not with you, I know that it s true
That I d rather be anywhere but here without you

Is this the end of the moment or just a beautiful unfolding of a love that will
never be for you and me
Cause you are

You re beautiful inside, you re so lovely and I can t see why I d do anything
without you, you are
And when I m not with you, I know that it s true
That I d rather be anywhere but here without you
